How's it going?

Hi, it's Patrick of **Wholesale Glass Pool Fencing**.

Just a quick update about a few things that have been happening here

First we've been getting lots of enquiries as well as some great questions about our Wholesale Glass Pool Fencing from pool fence & fencing retailers, pool builders, new home building companies and other retailers and businesses far and wide.

One of best questions we got recently was from a purchasing officer with a national pool and fencing service who asked

“What makes our service and glass fencing & balustrading different from others on the market?”

“It's a great question and I'd have to say that

“As a glass fencing and balustrading that specialises in in selling at wholesale only there's a good chance we can provide a better product, service and price than you may be getting now, which may also be biting into your profits.

“On top of that, if you build new pools or homes, have a fencing business, resort or other similar business, you know how time consuming the phone calls and emails can be when you're trying to find quality **wholesale glass pool fencing** for your business & customers. With **Wholesale Glass Pool Fencing** you can eliminate all those issues and more!

Also, with so many cheaper glass pool fencing imitations available it's easy to be tempted by the quick fix too. However, with **Wholesale Glass Pool Fencing** you'll be giving your customers pool fencing that's not only Australian approved, but **built to last and made to perform**.

What's more, our wholesale pool fencing can grow your business...

Apart from giving you the opportunity to provide your commercial and residential customers with a stunning new look for their pool or entertainment areas, **which also improves the value of their property or business**, using our glass pool fencing gives you the opportunity to **increase the services to your customers while you multiply your revenue** as well.

Certified to Australian and New Zealand Standards # 2208

All the best,

Patrick Cooper

“Crystal Clear Pool Fencing & Balustrading Built To Last, Made To Perform.”

19 Benefits You'll Love About Wholesale Glass Pool Fencing...

At Wholesale Glass Pool Fencing we go to great lengths to provide top quality semi frameless and frameless pool fencing, balustrades and fittings to our **customers at wholesale prices without discounting quality.**

Below are some of the benefits our customers in the retail and commercial fencing industry, pool building and pool fencing services, builders and landscapers, holiday resorts and parks and the accommodation and hospitality industry enjoy.

Snapshot of Benefits and Features:

- #1. **More time – we do everything for you.** No late night phone calls, endless emails, language barriers or frustrations.
- #2. **Premium quality tempered glass** – very safe. In case of a major accident, the glass will shatter not shard, meaning the pieces will have obtuse angle edges and will not be sharp or pointed.
- #3. **Our glass pool fencing comes in multiple widths** - from 300-2,000mm
- #4. All our glass pool fencing meets Australian standards # 2208 and is all 1200mm high **as per Australian requirements**
- #5. Duplex Stainless steel 2205 spigots for frameless glass, with a Marine Grade 316 stainless steel plate to cover the fittings means it will not rust, is maintenance-free and will keep its original look for years to come, which is a sound investment
- #6. We can supply frameless or semi frameless glass pool fencing
- #7. You can have us **customise your pool fencing** by featuring your company logo on the corner of each panel, which is great for building your brand
- #8. Our custom order service department can make glass pool fencing for sloped areas, balustrades, stairs and many other unusually shaped areas
- #9. **2-year replacement warranty**
- #10. Our pool gates, hinges and latches last longer because they're stainless steel
- #11. Easy to install
- #12. All tempered glass with polished rounded edges
- #13. Semi frameless comes with powder coated posts, your choice of silver or black
- #14. You can use our services to **colour, tint or frost** the glass in your pool fencing
- #15. Optional stainless steel handrail can be added to balustrade
- #16. Our frameless and semi frameless glass pool fencing is perfect for commercial and residential use
- #17. Our glass Balustrades use the same tempered glass as the pool fencing and can be anywhere from 1000mm high to 1200mm high and 300-2000mm wide.
- #18. Balustrade has the option of stainless steel handrail on the top
- #19. With us, you can choose from Spigots that are available in round or square design and in or above ground fittings

Any questions just give me a call!

Customised Glass Pool Fencing & Balustrades For Unusually Shaped and Sloped Areas

Finding out more and ordering your glass pool fencing is easy as one, two, three!

Irrespective of what your glass pool fencing or balustrading needs are, Wholesale Glass Pool Fencing can make what you need on time and on budget. On top of that, our glass pool fencing and balustrading will be durable, attractive, built to last and made to perform.

Custom Made Glass Balustrading for balconies and internal and external purposes

Of course other benefits you can look forward to with our custom-made glass pool fencing & balustrading services are:

- You'll have more time to focus on what you do best instead of spending your valuable time on the phone and sending emails back and forth trying to organise quotes and everything else because we do all that for you!
- You'll also save money because you're working with us direct and we're the wholesaler which means you get amazing value when you compare the same product buying it retail
- We stand behind you, our pool fencing products and service, and to prove it you receive a **2-year replacement warranty**
- Plus we have a much larger range of glass pool fencing ideas for you to choose from so you can give your customers more choices and a higher end pool fence that's not only stylish, but gives them more for their money.
- **Frosted, coloured or tinted glass pool fencing** – At Wholesale Glass Pool Fencing you can take advantage of our expertise and order your glass pool fencing in a range of colours, tints and frosting to make the pool fencing you supply truly unique.
- Last but not least, apart from giving your commercial and residential customers a stunning new look for their pool or entertainment area so they get to improve the value of their investment, you get the opportunity to **increase the services to your customers and multiply your revenue** as well.

As a customer focused & family operated business, Wholesale Glass Pool Fencing is dedicated to supplying the highest level of service, quality and advice with wholesale glass pool fencing to businesses all over Australia.

With a group of premium glass pool fencing suppliers providing us with the best prices and quality we pass the savings on to you **DIRECT** so you can provide your customers with more choice and higher quality glass pool fencing while improving your revenue and business growth at the same time.

This is why our service eliminates the hassle and worry of you having to find quality glass pool fencing yourself and why our service to you is effortless, reliable and affordable for all of your glass pool fencing and balustrade needs for retail and commercial purposes.

At Wholesale Glass Pool Fencing we believe buying glass pool fencing & balustrading that you're proud to provide or install for your customers shouldn't be a gamble so...
